All college-bound students should take both the ACT and the SAT one time in their junior year. A second test in SAT and/or ACT is recommended again in the junior year or at the latest in the fall of the senior year. Students who have free/reduced lunch can take both the SAT 2 times (not including the school day SATs) and the ACT 2 times for FREE.

Students who have not passed the FSA and have used all of your SAT/ACT waivers, please see your counselor to discuss your options.

If you want a SAT waiver, check your collegeboard account first to see if your free test waivers are already unlocked. If not, then see your counselor for a SAT Waiver! If you want an ACT waiver, see your counselor.

Students who have not passed the FSA Grade 10 Reading or Algebra 1 FSA should register to take the SAT and/or ACT to achieve FSA Grade 10 Reading or Algebra 1 FSA **concordant** scores. Earning a **concordant score** means that you will no longer have to continue taking the FSA Grade 10 reading or the Algebra 1 FSA (you would be considered “all set” for graduation!). There are different sections in different exams that can be used to meet these two testing requirements. The charts below break down, by grade level, what test you would need to take and what score you would need to earn to be considered “all set”.

Keep in mind, students would only need to earn ONE of the following scores in order to satisfy the FSA Grade 10 Reading or Algebra 1 FSA graduation requirement. Graduation concordant scores were updated by the Florida Department of Education Summer 2018, so carefully check your graduating class below to see what you would need to meet your class’s graduation requirements:
