

ALL SUMMER READING ASSIGNMENTS MUST BE TURNED IN ON PAPER
8/24/2023

AICE Euro History: *The Industrial Revolution: A History from Beginning to End* by Hourly History ** Can be found on AMAZON ** or free on Kindle Unlimited or 2.99 for ebook

PART 1: Background definitions

To be completed in the following way:

a. Definition

b. Historical Context (what makes this term connected to the time period ie. Canals were built in order to transport bulk goods that roads could no longer handle during the Industrial Revolution...)

c. Picture or quote (that describes the word)

1. Revolution
2. textile
3. Abraham Darby III
4. Cromford Mill
5. Cottage industry

Part 2:

Look up a picture of the Spinning Jenny created by James Hargreaves and the Water Frame created by Richard Arkwright. Compare and contrast the two images in one paragraph.

Part 3:

Choose one of the ten inventions from the book and answer the following question.

What is the most important invention of the Industrial Revolution? Use evidence from the book to back up your answer. Should be a minimum of 2 paragraphs (5 sentences each)
